Compulsory REVISION comments	<ol style="list-style-type: none">1. The manuscript is well written. But need major revision on the English language, as there is an issue with the use of the language especially in sentence construction.2. The mechanism of action of this drug should discuss in detail. The information provided in the manuscript is not sufficient.3. Need thorough checking as in several places; the two words merged as a single word.4. Briefly discuss the current clinical trial status of this drug against COVID-19.	
Minor REVISION comments	<ol style="list-style-type: none">1. In the abstract first line, the word "severe" is repeated two times2. The generic name should be used throughout the manuscript. Ex. Panadol should be replaced with paracetamol.3. In the pharmacokinetics section, second sentence- This sentence should edit for better understanding (Poor sentence construction).4. In the ebola section, the third sentence should paraphrase, as it does not clearly convey the readers' meaning.
