PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none">• Material & method , both in the abstract & the article; is written in passive voice over all, its ok to be written in the past tense but why in passive., it give such indication that someone else did their work• Conclusion , in both the abstract & the article; must depend on the author own opinion that they have got from their study, that is why it need no citations nor references but instead should tell your reader whether you achieved your aim and what advices you have to offer• Punctuation and spacing are serious problem because they made many mistakes & confusable words & meaning• Any text highlighted with red or yellow colour needs serious revision	
Minor REVISION comments	Any text highlighted with green colour	
Optional/General comments	None	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
