General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>1. This research needs to include the method used in making the guidelines, especially in the abstract.</p> <p>2. The content of the abstract is a description of the contents of the article and is not a quote, such as written, bibliography 6. Elfagi S, Nouh F, Omar M, COPD Nutrition Practical Guidelines. Journal of nutrition and food sciences. 2020; 2(2):2663-7308.</p>	
Minor REVISION comments	<p>This article is good and is needed now, when several countries are still experiencing a pandemic, including Indonesia, which still imposes restrictions in some areas Including references from several experts will further add to the quality of this article. The contents of the guidelines have been written in many other articles, so it would be better if some references were used</p>	
Optional/General comments	<p>This paper appears to be a practical guide and is the result of a literature review and not research. And much needed during a pandemic and entering a new normal era.</p>	

Review Form 1.6
