Compulsory REVISION comments	It is a good idea to make documented comments concerning the hand washing importance worldwide, in special for the young generation , almost today in the bad Covid -19 period. The study was well selected and representative illustrate with data and tables , which include not only general point of view but even own consideration for the possible infection cases. The number of the presentation with conclude data it it make the article very good to be used as a complete hygiene several schools today . With this consideration I propose to be even official transmitted such data for more school heading persons there as a real example of how to do and react in the best of the new generation education concerning handwashing and being clean ,	
Minor REVISION comments	Nothing else	
Optional/General comments	I agree the publication in th presented form I got it here.
