PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>I consider that the study named DEVELOPMENT OF INNOVATIVE GEL SUNSCREEN PRODUCTS FROM MOMORDICA COCHINCHINENSIS (LOUR.) SPRENG. EXTRACT have relevance and importance to the area and for this journal.</p> <p>I believe that in the methods the authors need to compare the results with a control group (this was not done) and the conclusions of study did not reflect a strong method to use in a human been.</p>	
Minor REVISION comments	<p>The references are not current, are a little old. This is the important fragility of this study.</p>	
Optional/General comments	<p>It is important to declare that the study does not reflect a direct use for human been. That is necessary to update the list of references to a more current list.</p>	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
