PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments Materials & methods: Results & discussion: Conclusion: References:	The work was well planned and the Author used the statistical tools correctly and skillfully. However, I do present some suggestions and questions, in the revised copy and in another document attached hereto. The results presented were consistently discussed. The conclusions are compatible with the research objectives. References provided good support for the present work.	
Minor REVISION comments	The text is very well written and very clear. Additionally, I consider the scope of this work to be very interesting and of great importance.	
Optional/General comments
