

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_77145
Title of the Manuscript:	EVALUATION OF C-REACTIVE PROTEIN LEVELS IN THE SALIVA OF COVID RECOVERED PATIENTS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Work is good but the corrections are there: 1) Abstract is too long, and contains the same language as written in the different parts, abstract should be concise and not the carbon copy of introduction, material method, result and conclusion. 2) Grammatical mistakes are there, spellings are incorrect, sentences are not proper. 3) In reference section some are in capital letter, references are not in proper format. 4) Competing interest..... should not be highlighted.	
Minor REVISION comments		
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
