Title of the Manuscript:	Drug Adherence, in Liver Transplant, Patients: Review Article
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ul style="list-style-type: none">➤ The whole article should be corrected grammatically.➤ Use proper scientific terminologies only➤ The comments in the main article needs to be rectified and the same is applicable for further texts also.➤ Clearly explain the meaning of adherence and nonadherence to drugs after liver transplant.➤ If some reference data from earlier studies would have been quoted the review article would really have great credibility.	
Optional/General comments	Attempt made by authors is appreciable. It's a vast topicneeds still in depth approach.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
