PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript is interesting but some issue must be resolved:</p> <ol style="list-style-type: none"> 1. Title of the manuscript must be shortened and more clearly written. 2. Proofreading and substantial correction of the English language are necessary. 3. The name of the patient must be deleted from the manuscript. 4. I presume that the diagnosis of synovial sarcoma was not made by MRI but by pathohistological analysis of tissue obtained after parotidectomy. Authors must describe the pathohistological finding after parotidectomy and confirm the diagnosis of synovial sarcoma with images of pathohistological and immunohistochemical analysis of the tumor. 5. Figures 2. to 5. should be deleted from manuscript and replaced with one panel figure of pathohistological and immunohistochemical analysis of the tumor. 6. The citation of the literature must be corrected and written according to the journal recommendation. 	
Minor REVISION comments		
Optional/General comments
