

## Review Form 1.6

|                          |   |
|--------------------------|---|
| Journal Name:            | <a href="#">Journal of Pharmaceutical Research International</a>  |
| Manuscript Number:       | Ms_JPRI_77303   |
| Title of the Manuscript: | Response Surface Methodology Driven Systematic Development of a Novel RP-UPLC Method for The Quantification of Aliskiren: A Renin Inhibitor |
| Type of the Article      | Original Research Article   |

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### **PART 1: Review Comments**

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | <p>The manuscript is novel and presented some valuable data. However, the manuscript requires a major revision. The comments can be found as track changes and comments in the manuscript itself and this form.</p> <p>I suggest the title should be rewritten as "RP-UPLC stability indicating method" instead of "Novel RP-UPLC Method"<br/>The English language used in the manuscript is poor, and the authors should consult some native speakers for review</p> |   |
| <b>Minor</b> REVISION comments      |   |   |
| <b>Optional/General</b> comments    |   |   |

### **PART 2:**

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) |   |

### **Reviewer Details:**
