PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Rather explaining background in abstract put that in introduction section or shorten it. Include good result date in abstract section. (like ethanol extract showed the highest inhibition against the microbes....how much MIC?2. Introduction section needs to be extended with more background references.3. Please indicate clearly the references from where you collect table 1 information. Cite all.4. In discussion section, rather just citing other work explain what your result similarities, support or not support with previous findings.	
Minor REVISION comments	<ol style="list-style-type: none">1. it's better to include MIC plats as supporting data.	
Optional/General comments	<ol style="list-style-type: none">1. check grammars.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
