

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_77570
Title of the Manuscript:	PHYTOCONSTITUTENTS AS BIOENHANCERS: A REVIEW
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In the abstract few mechanisms of enhancing the bioavailability can be mentioned. Present article is about the phytoconstituents as bio enhancers emphasis can be given on the same in abstract. Key words can include phytoconstituents, bio availability... Importance of bioenhancers- rewrite the content in it. More information has to be given on which constituents and in what concentration when taken can increase bioavailability, and by what mechanism.	
Minor REVISION comments	Animal bioenhancer examples in table 1 can be searched for more information Examples of enhanced bioavailability of the mentioned phytoconstituents has to be studied and mentioned in the article	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
