PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|--|
| Compulsory REVISION comments | | |
| Minor REVISION comments | I suggest the publication of the work, with minimal corrections | |
| Optional/General comments | The work presents a logical and very interesting approach regarding the use of food, for the immunomodulation of the cytokine storm in patients with Covid-19. Through a theoretical-computational approach, the best possible choices are validated. | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|---|--|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
