

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_77780
Title of the Manuscript:	ANTIOXIDANT ACTIVITY FROM CYMODOCEA SERRULATA SEAGRASS CRUDE EXTRACT
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>This work investigated the antioxidant activity from <i>Cymodocea Serrulata</i> seagrass crude extract. The research is extremely well and a lot of data are offered to support the conclusion. I would recommend publication after the authors have addressed the following minor concerns:</p> <ol style="list-style-type: none">1. The authors should provide some characterizations to analyze the composition of the crude extract, such as NMR or IR spectra.2. In Table 1-2, the full name of "TAA", "AAE" and "TRP" should be added.3. Some work about the plant extract for antioxidant should be cited in the manuscript, such as <i>Frontiers in Chemistry</i>, 9:660138; <i>Physica E: Low-dimensional Systems and Nanostructures</i>, 2014, 57:63-68; <i>Spectroscopy and Spectral Analysis</i>, 36(7):2082-2088; <i>ACS Applied Materials & Interfaces</i>, 9(7):5817-5827.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
