	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. As the aim is to determine the risk factors to predict the severity of IVH, it should reflect in the title. PI change accordingly, as it is not a simple comparison2. PI correct the grammar mistakes.3. This is a retrospective study. But in several places like as in diagnosis – future tense is used which is to be corrected4. Hydrocephalus is a sequel to IVH and may occur only in severe IVH—can we interpret that hydrocephalus is predictor of severe IVH.	
Minor REVISION comments		
Optional/General comments
