Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Accept this manuscript with minor revision. The manuscript was well arranged and presented.	
Minor REVISION comments	Modify the introduction. Your abstract is too poor. It presents what you have achieved. Modify this. Similar literatures were used in the background of the abstract and introduction. Use different literatures and make the abstract background concise. Improve on your punctuation marks. There were some grammatical errors in the abstract, please correct them. Remove the sentence and literatures used towards the end of the introduction. It is unnecessary. Arrange the numbering of your citations a correct manner. The are not well organised.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
