PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The topic is new, specific, and has a valuable contribution to the existing literature and different stakeholders in the country. The paper is organized logically and structured clearly. The purpose and significance of the study are clearly stated, and the research method is appropriate. The method applied in the study to analyze the research topic is praise-worthy. There is a good consistency of analysis throughout the whole paper. Besides, the results are presented explicitly by the tables and figures. However, there are still some parts that need to be modified in the paper, the introduction and discussion. The author is suggested to make some revisions so that the paper will be better.	
Minor REVISION comments	✓ There is a serious grammar problem	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
