PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Check on your grammar and spelling. If you are not from an English-speaking country, please consider seeking for help someone who understands the language well. 2. After full-stop start the next word in capital letter 3. You need to describe your problem statement. This is what informed your decision to carry out this study. 4. Cite your sources of information. For instance, in background the statement "In the Kingdom of Saudi Arabia children represent 40% of the population..." 5. State you target population as well as your sample size under Methodology. 6. Give complete citations. For instance, under Discussion topic you cited Pileggi et al without writing the date. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. When describing results give absolute numbers as well as percentage. For instance, when describing gender of your respondents, write 450 (60%) were female while 300 (40%) were male. 2. Your study had respondents, not subjects (you wrote so under Discussion topic). 	
Optional/General comments	<ol style="list-style-type: none"> 1. Presenting your results in graphs/charts 2. Giving the mean and standard deviation of your results
