PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| <u>Compulsory</u> REVISION comments | <ol style="list-style-type: none"> 1. Change the order of the groups in title of the study 2. Subjects were asked not to use any oral hygiene aids: clarify whether subjects were asked not even to brush for those 3 days. 3. Clarify whether participants continued brushing after 3 days when they used olive oil, ozonated olive oil and chlorhexidine mouthwash. 4. Mention the importance of maintaining oral hygiene. It will be good if you define oral hygiene and oral health in the introduction section. | |
| <u>Minor</u> REVISION comments | <ol style="list-style-type: none"> 1. Do the participants tested for allergic reactions with olive oil, ozonated olive oil prior to the prescription 2. Mention the preparation method of olive and ozonated olive oil mouth wash 3. A total of 66 study participants were enrolled in this study and were divided into three groups each of 12 participants. Group A - CHX, Group B - OOO and Group C - OO. (check for the participants number of three groups in discussion section) | |
| <u>Optional/General</u> comments | <ol style="list-style-type: none"> 1. Check for Grammar 2. Mention the results of pilot study in few sentences before explaining the results of the study | |
