

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_77941
Title of the Manuscript:	INVITRO ANTI INFLAMMATORY ACTIVITY OF ABIES WEBBIANA USING ALBUMIN DENATURATION ASSAY
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The text is not well written and the number of references is more than the text Inflammation is seen in most parts of the injury. Why did the authors only mention teeth in the introduction? If they wanted to work on tooth inflammation, why no dental test? Albumin denaturation does not seem to be sufficient to assess inflammation and further studies should have been performed in this area. for example the percentage of inhibition rate of protein denaturation using cold and hot water; Percentage of inhibition rate of protein denaturation of reference drugs	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

### **Reviewer Details:**
