

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_78015
Title of the Manuscript:	Controlling oral pathogens using Ficus benghalensis mediated silver nanoparticles
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please add a section of discussion and potential application of the study in the clinical practice. Application could include various clinical scenario where silver nanoparticles could be used.	
Minor REVISION comments	Please format the manuscript as per comment in the original file. Please review the paper for the grammar and English correction	
Optional/General comments	The paper is well written and well backed up by the clinical study. The results were significant and explored the potential application in controlling oral pathogens. The aim of the study was clearly correlated with the method and result obtained. However, adding a discussion subsection focusing on the clinical application will give a better idea about its feasibility and may help readers and clinicians incorporate the novel technique into their daily practice.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
