PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The clinical case is interesting.</p> <p>The authors studied all the factors that have an effect on the maternal morbidity of women living in a vulnerable region of Morocco. The introduction, material and methods are well structured. The results are clearly displayed. The discussion and conclusions are fortunate. Authors must complete the references in a uniform way because citations 2,5,6,13,21 and 35 only have the initial page. The bibliographies 7,9,12,15,27,28,31 and 32 do not have the electronic address. The authors must correct these details which are considered minor.</p>	
Minor REVISION comments	Recommendations: correct the bibliographies.	
Optional/General comments	Otherwise, the manuscript can be published.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
