Type of the Article	Review paper

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"><li>• If include names of all algorithms which have been used for comparative analysis. Write just 'state of the art algorithms'. Be precise in your description.</li><li>• List out the contributions/suggestion of your work at the end of the introduction section.</li><li>• Add the motivation in a separate section after the introduction.</li><li>• The results were discussed concisely but they should have been explained in an elaborate manner so that the reader will comprehend the tabular and schematic information. The authors are suggested to compare the results.</li><li>• Please carefully proof-read spell check to eliminate grammatical errors.</li></ul>	
<b>Minor</b> REVISION comments	<ul style="list-style-type: none"><li>• What are the limitations of your study? Incorporate them in the conclusion section.</li><li>• Add the future directions of your research in the conclusion section at the last paragraph.</li></ul>	
<b>Optional/General</b> comments		

### **PART 2:**
