Manuscript Number:	Ms_JPRI_78325
Title of the Manuscript:	ANTIOXIDANT AND XANTHINE OXIDASE INHIBITORY POTENTIAL OF AQUEOUS EXTRACT OF FERULA ASAFOETIDA
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In the discussion section authors wrie ``From these investigations, we can say that asafoetida possesses significant antimicrobial activity due to presence of various phytoconstituents and it could be a resource of new antibiotic compounds and antioxidant compounds.”, but no antimicrobial activity study was actually reported in the manuscript, rather antioxidant and anti-gout activity was reported. So the authors should correct this.	
Minor REVISION comments		
Optional/General comments	Few grammatical mistakes are present in the manuscript which should be corrected.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
