General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comments (if agreed with reviewer, correct <i>the manuscript</i> and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. Abstract needs to be structured properly according to the journal guidelines.2. The references are not in Vancouver style (short form of journals needs to be checked).3. Change the concluding remarks to "conclusion"4. It is not a systematic review. Wherever it is mentioned as such, please change it.5. Kindly consider changing the title, as "Systematic technique's review" is not suitable	
Optional/General comments	Although a very novel review, the authors must improve the grammar and write the article in a systematic way following journal guidelines to be considered for publication.	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
