PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Was the analysis of oral submucosal fibrosis with or without concomitant oral squamous cell carcinoma compared with previous studies for the same conditions? Have studies been conducted in neighboring countries? Statistical evidence is important to determine the severity of the condition. Is the lack of statistical evidence considered normal?	
Minor REVISION comments	Was the p-value calculated from the most important statistical evidence or the error rate in the standardized division readings?	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
