

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_78708
Title of the Manuscript:	Acute Respiratory Distress Syndrome and imaging
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Although this is a review article, it would be good to mention the recent problem of ARDS caused by COVID-19.	
Minor REVISION comments	Since the descriptions of words are a mixture of full spellings and abbreviations, it is better to write both full spellings and abbreviations at the first appearance, and then write the abbreviations thereafter.	
Optional/General comments	This paper focuses on the diagnostic imaging of ARDS. It states that there is no cure, but it is better to describe the merits and demerits of steroids and other drugs.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
