General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">- Authors should present the narrative in paragraphs based on the main idea, not make it one long paragraph without breaks.- It is a good habit to include an illustration (original one, not taken from other articles/ sources) in each section of the review.- Please add some more figure and latest references.	
<u>Minor</u> REVISION comments	<ul style="list-style-type: none">- The paper is generally well written and structured.- The manuscript needs to be minor edited for grammar and syntax.- Authors should revise better and more the current literature in the field.	
<u>Optional/General</u> comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i> - If the authors have a clinical study or research on humans, then write the study approval number of an Institutional Ethics Committee.
