

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_78938
Title of the Manuscript:	Study on the anti-cancer potential of Aegle marmelos fruit extract pro and anti apoptotic molecule in human melanoma cell line-A375
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Regarding the weaknesses of the study. It seems to me that in my opinion, the conclusion is too ambitious and the present study may not prove it. Perhaps it would be better: Aegle marmelos may have potential antiproliferative activity in melanoma.....	
Optional/General comments	The article is novel and of high scientific interest. I must congratulate the authors for applying Ayurvedic principles to current science and putting scientific evidence behind them. In my opinion it seems a very promising line of study for melanoma. I encourage the authors to continue their research.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
