### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This manuscript was well written. If they carry out this case study with more number of patients then we can compare the results with more accuracy. As this manuscript describes the role of cod liver oil used as a substitute for vasa sneha, if the Ayurvedic preparations have also been discussed with detailed description then it will provide a clear idea about the product	
<b>Minor</b> REVISION comments	In Results and discussion, Oswestry low back pain index score has been analysed with 10 parameters, the parameters like working hours, work nature, running/jogging, workouts can also be included.	
<b>Optional/General</b> comments	Nothing	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
