PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none"> Kindly provide copyright or permission of figure-1 & 2. Kindly provide the specimen validation number provided from botanist. Under Handling and Grouping of Animals Wistar rats weighing around 100-150kg. I think unit of weight written wrong. Could you please mentioned how many male and female Wistar rats were taken in your research? For Statistical Analysis Student's T-test and ANOVA which program were used. I think in Table 2, author forget to write p-value of each group however in the caption mentioned about p-value. Kindly download any latest article and cite properly as per journal guideline of citation. It has been noted that many place citation written at the beginning of sentence in the bracket and somewhere it has been cited at the end of sentence under bracket. Kindly provide name of animal ethical committee/body from where study has been approved. Also please provide animal ethical approval number of this study. 	
<u>Minor</u> REVISION comments	-	
<u>Optional/General</u> comments	-
