General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The abstract just cover the background and aim of the review article. The methods for data aquisition, the credible data bases visited and the key words searched are all missing. Results and conclusion is also missing.2. Extensive English revision required.3. The introduction is divided in to sections which is not necessary. Additionally, the numbering of the sub sections are not in line with the points raised, besides the introduction lacks justification.4. Figures 1 and 2 has no callouts and footnotes.5. Conclusion is not convincing.6. Referencing and citations needs overhaul.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
