PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I want to congratulate the authors for their extensive work on this article. The subject is of interest towards understanding the mechanisms of UV damage and towards finding appropriate preventative measures. There are extensive passages where the information is unclear due to poor English language expression and informal language. I would be willing to re-evaluate it after revision.	
Minor REVISION comments		
Optional/General comments
