PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The data has not been presented in tables or graphs, very descriptive, difficult to understand for reviewer leave alone a general reader. Very complicated statistical terms are used without explanation. Frequent language, spelling and grammatical mistakes which make the text difficult to understand. The data collection methods need more explanation to make it understandable. After reading it several times, I could not understand what was the final conclusion.	
Minor REVISION comments		
Optional/General comments
