Type of the Article	Research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	References are very old methodology is not clear authors need to refer recent works Result analysis need to improve figures are blurred check language corrections abstract need to modify The abstract is general and needs to focus on the outcome direction and results of this chapter taking into consideration the title of the chapter. Thus, the abstract needs re consideration to conclude: a) The overall purpose of the chapter you investigated including the background and the contexts. b) The basic design/method of the collected studies. For example, the version of the chapter is systematic or survey ...etc. c) Major findings or trends found as a result of the review d) A summary of your interpretations and conclusions.	
Minor REVISION comments	nil	
Optional/General comments	paper need to modify extensively	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
