PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an interesting study and the authors have collected a unique dataset. The paper is generally well written and structured. However, in my opinion the paper has some shortcomings in regards to some data analyses and text, furthermore I made additional suggestions. A) In diagnosis section change the table 1, 2 and 3 to avoid plagiarism B) Add discussion C) Add data analysis table D) I also suggested to cite more relevant and recent literature.	
Minor REVISION comments	Above shortcomings the manuscript requires minor revisions.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
