

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_79429
Title of the Manuscript:	Hypertension related knowledge and its relationship with control of high blood pressure in Pakistan
Type of the Article	.....

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	D. The number of study patient is mentioned as 100. But the number (n) in table no. 1 in various columns is confusing. This can be clarified and revised,	
<b>Minor</b> REVISION comments	A. Instead of prevalence, "the estimated number....." will be appropriate. Prevalence represent a proportion. B. High blood pressure is abbreviated as HBP, hypertension as HT and HTN. This can be modified with clarity. C. "The underlined text is a repeated one. E. The median duration of HTN was 14 years." Is this observation of this study or pertains to reference number 8.. F. The citation is confusing. NHANES III data was cited as per reference no.11. But reference no. 11 pertains to Korean Americans. This section may be revised.	
<b>Optional/General</b> comments	This article need certain clarity and good usage of words.	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	(If yes, Kindly please write down the ethical issues here in details)
