PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> ❖ Actually the title is very interesting and will add value for scientific community <u>But there are some serious issue to be corrected</u> ❖ Grammatical issues are under question mark ❖ There are so many punctuation errors through out the whole work ❖ There are redundancy of word or preposition, meaningless letters ❖ Papers must be written in simple words to make easy for readers but the way the author wrote the paper is somehow ambiguous ❖ Flow of idea in this particular paper is not sequential, makes it difficult to understand the points. ❖ Font type, font size flow of idea must be consistent ❖ Manual referencing is not good use software to cite the reference 	
Minor REVISION comments	--	
Optional/General comments	Since the paper is very much interesting to add values for the scientific community all the above comments will be covered.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
