### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Is no other clinical diagnosis to confirm the condition ? Just count of 50, 0000 and above will indicate this diagnosis ?</b> <b>Give more references for the arguments in the introduction and discussion .</b>	
<b>Minor</b> REVISION comments	The disease condition has not been explained in detail in the introduction. The explanation given does not give any idea about the condition itself .	
<b>Optional/General</b> comments	Check references has been placed properly , like ref no 5 , it is after the full stop.	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
