Title of the Manuscript:	Brain Changing Advantages of Exercise
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article needs a careful review before being published. The English language and text's structure needs to be revised. It has some meaningless sentences and some of them are disconnected with the main idea of the paragraph where it belongs to.	
Minor REVISION comments		
Optional/General comments	The subject of the manuscript is very interesting and deserves publication. However, the structure of the article is poorly written. Furthermore, , the manuscript has very few references. It is necessary to bring a strong scientific literature to construct a good review, otherwise it would not be a review article.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
