

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_79716
Title of the Manuscript:	Frequency of hypomagnesaemia in children with hypocalcemic seizures
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Concept of the study and the research methodology adapted is good. The author should mention the inclusion criteria and define hypomagnesemia in the methodology session of the abstract. Hypomagnesemia per se can cause hypocalcemia as well as precipitate seizures. Magnesium correction is important in the treatment of <i>refractory</i> hypocalcemia due to concurrent hypomagnesemia. Author should include these facts with appropriate citations in the manuscript.	
Minor REVISION comments	Grammatical and syntax error should be addressed. Language can be improved and made more readable.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
