Author should overly Figure 2, 3 and 4 into one Figure representing FTIR signals of P. edulis .... Leaf, otherwise, I will not agree to accept this paper to be published, since I was a reviewer came across the similar pattern of a draft manuscript written by an Indian author.</p> <p>I challenge the editor of this journal that this paper should be published because data presented by an author is minimal. The author only presents one data which is FTIR studies. I recon this manuscript is lack of data</p>
