General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Major headings must be differentiated from minor headings. Use APA levels of heading.2. Referencing style should either be MLA, APA, MHRA or Harvard. Use one of the styles throughout.3. Per the author's guide from the journal website, either use the block paragraphing format or the indentation, instead of combining both.4. Look at the quantitative report format again in terms of the confidence interval and the p-values.	
Minor REVISION comments	<ol style="list-style-type: none">1. Grammatical and punctuation errors should be taken care of by the author by taking patiently reading through the article again to correct them.2. Long sentences must be broken into paragraphs without losing the trend of logic that runs through.3. Include recommendations after the conclusion	
Optional/General comments	It is a good reviewed article that needs improvement.	

Review Form 1.6
