PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The authors should recast the title2. There are some places where the authors contradicted their earlier statements3. The addition of vitamin E which was said to have antioxidant property (the beetroot also has antioxidant property) for me is not necessary, since also the authors reported that almond oil contains vitamin E4. Also the interaction between the balm and the microbes in the environment should be studied5. Other medicinal property of the balm should also be studied Maybe in their next research	
Minor REVISION comments	Some highlighted grammatical errors should be corrected	
Optional/General comments	The importance of going natural should not be overemphasized, considering the health benefits of such. The aim of the work is good
