PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1.The title and the aim in the abstract is same . needs to be revised2.Study design needs to mention steps taken sequential to achieve the goal rather what to achieve3. Mention the methods used rather intension4.In conclusion of the Abstract the authors have written "good and potent strong" Either use potent or strong5.Abreventions should be written sequentially in alphabetical order6.The introduction is not in sync with the test drug. It mentions Unani drugs working on liver while the authors have already mentioned that the test drug is used to relieve pain and as a tonic. The intro needs to be rewritten and focus on the test drug	
Minor REVISION comments		
Optional/General comments	The language of the paper could be improved.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
