Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalipri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Abstract: Very poorly written, and did not give a concise summary of the research work (has no Study objectives; Study duration; sample size; study design, etc) 2. Methodology: Devoid of a lot of variables that make up the methodology. It is suggested that the author/s should rewrite this section, incorporating all the important aspects of a methodology 3. Discussion: Rather confusing	
Minor REVISION comments		
Optional/General comments	- A lot of grammatical errors in the manuscript. These need to be corrected. - Poor writeup and presentation of work - This article needs to be rewritten in conformity with an explicit and standardized article suitable for publication in a Journal.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
