Compulsory REVISION comments	<p>Dear authors, I think that this work needs to many revisions to can publish it. At first read, all references should be correct it, please follow the model in instructions of authors.</p> <p>In section 2 of the article. Please mentioned just : "Material and methods"</p> <p>For Table 1. Hypoglycemic activity tests experimental groups, please represent your table in other way. For example experimental group. You don't need to write it every time, mentioned just the number. And the unit write in the first line don't need to repeat it every time.</p> <p>Please use one of the police type (Arial or times new roman etc.....) in all article (text tables, figures). As a review article, I don't think so that is the case because it looks like a research article. But if it is not your experimentations you need to mention the researchers of this work. The work needs more corrections of the language, the presentation of tables and figures.</p>
