PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1.Your title of study is Perception of Patient's on Choosing <u>Dental Professionals for Treatment</u> Among the Population of central india but u have reported under methodology that you are only examining and comparing side effects of covishid and covaxin, how does it correlate. Kindly change your title accordingly on what it is that you intend to evaluate. 2.kindly mention study design. 3.define population by the cohort not by just age group ,as in your title I was thinking it is done for only dental patients or dental professionals	
Minor REVISION comments	English language corrections	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
