PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript subject is valid. However, the presented text only introduces the study proposal and do not contain results and conclusion of the study. The text is poor and presents little information. Also, the manuscript structure is inadequate; the text and abbreviations must be revised. The Results section is not available. The Discussion section it's not relevant because it doesn't discuss results of the present study. Conclusion is also not available. The Reference section is disorganized and non-standard. The abstract is incomplete, missing results and conclusion. The manuscript must be completed and improved for new submission.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
