PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. grammatical error has to be corrected. 2. Usually in the abstract details of the methodology are not to be written and even objectives are not written in numerical form 3. In the text, it is not essential to write the statistical formula utilised to determine the sample size. 4. The discussion section has to be done in more categorical manner as the points discussed are scattered in the paragraph.	The article may be published after these corrections.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
